"This school year has gone very well so far, and I have continued working hard academically while balancing other work responsibilities and clubs. The scholarship support from KCPA has relieved a significant amount of financial stress over the last two years, especially because this year I was barely able to work due to focusing on rugby for the majority of the school year. We actually ended up making it to nationals this year and months of practice and hard work was put into it. This scholarship has allowed me to focus more on my future and my current classes without worrying about whether I can even afford to keep moving forward. It has had a great impact on my education, my family, and me, and I will never take it for granted. [...] My family is doing well and has continued to support me throughout my academic journey. I am very grateful for the support KCPA has already provided, and I appreciate the encouragement and support they have given me since I started my college journey."
